ANGLE - Select different angle of DVD
REPEAT - To repeat playback

Key

For models with integrated DVD players.
For models with PVR Function.
For models with USB Playback.

REMOTE CONTROL

Setting up the TV set for the first time

1 Fitting the stand

For the stand installation, there is one type of screw provided as shown below.
To complete the stand installation you will require a cross head screw driver.
Place the TV set on a flat and clean surface with the panel facing downwards to avoid damage.

4 x Used for attaching the stand to the TV set (fig.2)

TV panel must be facing downwards.

Place the TV set on a flat and clean surface with the panel facing downwards to avoid damage.

When the stand feet are installed correctly the stand feet will be longest at the front of the TV and shortest at the back with the feet pointing away from each other.

When the stand/feet are in the correct position, secure the feet to the underside of the TV set using 4 screws provided.

2 Connecting your set

- 1) Connect the TV to your power socket.
- 2) If you wish to use the TV to receive Freeview/Saorview channels, connect the RF input from the TV to your outdoor Digital TV aerial. If you do not wish to receive Freeview/Saorview, skip this step.

3 Powering On the TV

TV Control Stick

Switch on the television by pressing the TV control stick located on the TV set.

Remote Control: Installing Batteries

Insert the batteries supplied into the remote control and press the standby button to power on the TV.

To receive Freeview channels, in particular Freeview HD channels, you will need a Digital TV aerial and be in a good Freeview coverage area. You can check coverage for your postcode at www.freeview.co.uk.

Please note that any Freeview HD channels found during tuning will be placed in channel positions above 100. For example, 101 (BBC1 HD) 102 (BBC2 HD) etc.

4 First time installation

Installation Guide

Screen 1

When you first turn on the set, you will be welcomed by the First Time Installation screen as shown above.

Language: Select your preferred on-screen display language. This will change the language in which the menus and associated information is displayed in. When the setup has been completed, this can be changed by selecting Menu > Settings > Language.

Auto Tuning

Screen 2

Tuning Mode: Select what you wish to tune via TV's built-in tuner. You can choose from Freeview TV, Analogue TV and ALL (Freeview + Analogue). At the next step, the set will tune in selected option.

Country: Select the correct country in which the set will be used in. This will enable the TV to correctly install the functions applicable in the country of use.

Environment: Use this option to select either Home or Store mode.

HOME MODE is a power saving mode which reduces the energy used by up to 25% (by reducing the power to the LED/LCD panel).

When in **STORE MODE** the picture will be brighter. An on-screen banner showing the sets functionality will appear on the screen after 2 minutes.

Note: In Home Mode, the TV will switch itself to the standby mode after 4 hours in the event that the buttons on the remote control or TV are not used.
